Day Shift

Narrative

Jeffcoate is a 8 bedded low dependency postnatal ward. Women stay on this ward if they are otherwise well and low risk but require some extra assistance. Women who have babies on NICU may also stay on Jeffcoate for a short period of time. The recommended staffing levels are one registered midwife and one unregistered support staff per day/night per 8 women. Jeffcoate was closed for a total of 10 days throughout the month of January due to staffing or lack of suitable patients.

Night Shift

Narrative

Jeffcoate is a 8 bedded low dependency postnatal ward. Women stay on this ward if they are otherwise well and low risk but require some extra assistance. Women who have babies on NICU may also stay on Jeffcoate for a short period of time. The recommended staffing levels are one registered midwife and one unregistered support staff per day/night per 8 women. Jeffcoate was closed for a total of 11 nights throughout the month of January due to staffing or lack of suitable patients.

Staffing Concerns

Escalated to 104 maternity blepholder

Number of shifts where staffing levels are not compliant with planned levels

0

Number of staffing related concerns escalated to Matron or higher

0

Ward Manager's Assurance Statement

Acuity is assessed by the maternity 104 bleep holder formally as a minimum of 4 hourly and the staff redeployed across the maternity first floor to the clinical areas as required. Due to staffing across the first floor and preominently insufficient women suitable to be transferred to Jeffcoate ward the ward closed for 10 days and 11 nights.
